Steve Caballero catches air  
 considered dangerous for even  
 aircraft. Vince, John, George, and Bill  
 attended the contest to videotape.  
 Refer to Thrasher. That's us in  
 the crowd. Oh yeah that fat old  
 man is Tony Hawk's dad. (Respectfully.)

Dorked to the max, Vince  
 channel sweeps (?) at a very  
 small ditch in New Carrollton.  
 For more ditch action, skate

# Food

## Grocery Stores

Ever notice lately that four bucks really doesn't go too far in a Roy Rogers, Mc Poison's etc. Of course it doesn't. What's going on is you're paying two bucks for a sandwich that's costing them a quarter. If you want one of these outfits to make 700% profit off you go ahead.

Now, walk into a grocery store. You'll probably see the produce first. Here you'll find five pounds of real food to cost about \$1.50. There's nothing like getting hyper off of natural sugar! (ex. watermelon, orange) It seems like your mind stays with you.

You can also get something to drink for about 25¢ - 40¢. (Quart of O.J. Pint of Milk.) Plus no animals had to die to fill you up for about an hour then... 

THANKS FOR BUYING/READING  
THIS DORK ZINE. THIS IS THE FIRST  
OF HOPEFULLY MANY. I WOULD
